DIRECTIONS: Use a dilution of 2 - 6 ounces per gallon of water to control odors in restrooms, kitchens, hotels, motels, nursing homes, hospitals, animal cages, and laundry chutes. Also use this dilution to deodorize fabrics like carpeting and drapes. Mix with carpet shampoo or add to rug extractor solutions, to leave items smelling clean and fresh. Apply solution by spraying, mopping, sponging or wiping. May be used full strength to control tough odors in trash cans, floor drains, dumpsters, and bed pans.
