LIGHT MULBERRY AIR FRESHENER has a fresh, invigorating, and pleasant fragrance suited for controlling spaces with tough, stale, stagnant and bad smelling odors. The dry aerosol formula allows the fragrance to stay airborne longer than ordinary air fresheners, making it much more effective for long-lasting odor control. Because it's so dry, the spray does not cause "rain out" or misting on surfaces, making it safe for use almost anywhere. It's the quick, easy and economical solution for areas with heavy odor problems. The light mulberry scent is ideal for most commercial and institutional areas.
