**DIRECTIONS:** Grabber Traps can be used folded or flat. If the traps will be exposed to children or pets fold according to instructions provided on the traps. This will eliminate the possibility of a child or pet becoming stuck to the trap and being bit by a spider still alive.

Placement of the traps is important. Place traps along walls, in the basement, in the attic, near windows, in cupboards, and places where spiders have been seen.

**PLEASE NOTE:** When disposing of traps be aware spiders may still be alive and could bite.
