COUNTERPART is an exciting innovation in hard surface care. Gone are the days of old fashioned furniture polishes using waxes or silicones that cause build-up. COUNTERPART utilizes a quick breaking foam that dusts, shines, and restores luster to all hard surfaces such as wood, laminate, stainless steel, plastic, baked enamel, and more!

COUNTERPART removes dust, smudges, smears and light soils. Special additives eliminate dust fly-away and fingerprints, leaving behind a fresh, clean citrus aroma.
