

# GALVANIZING SPRAY

## INSTANT AEROSOL COLD GALVANIZING

Cold applied, high solids pure zinc coating.  
Provides electro-mechanical zinc bond.  
Renews worn or damaged not galvanized surfaces.  
Protects surfaces from saltwater  
and chemical fume corrosion.

FOR INDUSTRIAL/PROFESSIONAL USE ONLY.

NOT FOR RETAIL SALE.

See other cautions on back panel.

NET WEIGHT: 16 OZ. (454 g)

**GALVANIZING SPRAY** is a high solids zinc rich coating that forms an electrolytic bond on metal surfaces preventing the formation of rust and corrosion. Its cold applied coating equals the performance of hot dipped galvanize treatments. The convenience of an aerosol makes **GALVANIZING SPRAY** perfect for spot treating cold dipped parts. The electrolytic bond prevents further damage and stops migration from areas where rusting has already occurred. **GALVANIZING SPRAY** resists abrasion and large temperature fluctuations further preventing corrosion. After application, the tough, durable gray surface can also serve as a primer and can be painted over.

### DANGER:

Extremely flammable aerosol. Contains gas under pressure; may explode if heated. Causes skin irritation. Causes serious eye irritation. May cause genetic defects. Suspected of damaging fertility or the unborn child. May cause drowsiness or dizziness. May cause damage to organs (central nervous system, eyes, kidney, liver, skin, and respiratory system) through prolonged or repeated exposure. May be fatal if swallowed and enters airways.

### PREVENTION:

Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Wash face, hands and any exposed skin thoroughly after handling. Wear protective gloves/protective clothing/eye protection/face protection. Do not breathe dust/fume/gas/mist/vapor/spray. Use only outdoors or in a well-ventilated area. Keep away from heat/sparks/open flames/hot surfaces. — No smoking. Do not spray on an open flame or other ignition source. Pressurized container: Do not pierce or burn, even after use.

### RESPONSE:

If exposed or concerned: Get medical advice/attention.

**IF IN EYES:** Rinse cautiously with water for several minutes.

Remove contact lenses, if present and easy to do. Continue rinsing.

**If eye irritation persists:** Get medical advice/attention.

**IF ON SKIN:** Wash with plenty of soap and water.

**If skin irritation occurs:** Get medical advice/attention. Take off contaminated clothing and wash before reuse.

**IF INHALED:** Remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or doctor/physician if you feel unwell.

**IF SWALLOWED:** Immediately call a POISON CENTER or doctor/physician. DO NOT induce vomiting.

### STORAGE:

Store locked up. Store in a well-ventilated place. Keep container tightly closed. Protect from sunlight. Do not expose to temperatures exceeding 50 °C/122 °F.

### DISPOSAL:

Dispose of contents/container to an approved waste disposal plant.

### WARNING:

This product contains chemical(s) known to the State of California to cause cancer and birth defects or other reproductive harm.

### INGREDIENTS/CAS#:

Acetone (67-64-1); Zinc Powder (7440-66-6); Propane/Isobutane/N-Butane (68476-86-8); Toluene (108-88-3); 0-Aromatic Mineral Spirit (8052-41-3); Aromatic Hydrocarbon (64742-95-6)

### KEEP OUT OF REACH OF CHILDREN:

Refer to SDS for further information.

### SUPPLEMENTAL INFORMATION:

1.42615% of the mixture consists of ingredient(s) of unknown toxicity.

### DIRECTIONS:

For best results, apply to a clean, dry, grease-free surface. Remove all rust and loose paint; roughen existing gloss coatings. Mask off areas not to be sprayed, protect adjacent areas. Shake can very well and often, before and during use. Ball should rattle freely. Hold can 12-15 inches from surface; apply evenly. Two thin coats are recommended, allowing 10 minutes drying time between coats. For best results, apply between 60-80°F (16-27°C). Clean nozzle immediately after use - turn can upside down and spray until clear. For clogs, remove nozzle. Clean parts with wire, replace carefully. Point nozzle away. Dispose of can in accordance with applicable regulations.
