OLEEN is a fantastic all-purpose solvent. It is a powerful, safe degreaser that attacks tough oils, greases and other surface contaminants to leave items clean and residue free. OLEEN is a multi-purpose solvent formulated to be equally effective in just about any industry, including packaging, printing and maintenance. OLEEN does not contain environmentally harmful CFC's or chlorinated solvents. Special emulsifiers in the formulation allow this solvent to mix with water. This ensures that surfaces can be rinsed completely, leaving no residue behind. Plus, it leaves behind a pleasant citrus fragrance as it works.

DIRECTIONS

Spray or swab onto surface to be treated, allowing OLEEN to penetrate and flush away any grease, oils, or other surface contamination. Wipe surfaces dry.

DO NOT HEAT THIS PRODUCT - USE COLD

CAUTION

Harmful if swallowed. Avoid contact with eyes and mucous membranes.

FIRST AID

IF IN EYES: Flush eyes and under eyelids with plenty of cool water for at least 15 minutes while removing contact lenses. Continue flushing until medical assistance arrives.

IF ON SKIN: Flush skin with water while removing contaminated clothing. If irritation persists, obtain medical attention. Launder clothing separately before reuse.

IF SWALLOWED: Contact physician or poison control center immediately. Do not induce vomiting. If spontaneous vomiting is about to occur, place victim's head below knees. Never give anything to an unconscious person.

IF INHALED: Remove person to fresh air. Perform artificial respiration if breathing has stopped. If breathing is difficult, give oxygen. Obtain medical attention.
