WARNING:

This product contains, or may contain, trace quantities of a substance(s) known to the state of California to cause cancer and/or reproductive toxicity.

This creamy, pleasantly fragranced, grit waterless hand cleaner is the product of choice for people who really use their hands. Powerful cleaning agents, solvents and fine pumice grit work together to quickly remove stubborn grime that ordinary soaps won't touch - even if there is no water available. Special emollients prevent chapping and redness and keeps hands feeling soft and comfortable even after repeated use. The fresh aroma of cherries combats the solvent odor of typical waterless hand cleaners. The most powerful, most practical and most economical way to clean working hands.

DIRECTIONS: Squeeze a generous amount of **CHERRY GRIT** into palm and rub into soiled skin. Be sure to thoroughly clean around cuticles, fingernails and knuckles. Wipe hands dry with clean cloth or paper towel, or rinse with water.
