with a resistant inner liner.

Dispose of contents/container to comply with
local/regional/national/international regulations.

For industrial and commercial use only.

For additional information, see Safety Data Sheet.

OVEN CLEANER GEL is a concentrated gel degreaser
and carbon remover for use on ovens, grills, deep fryers,
smokehouses, bakeware and food processing equipment.
The powerful caustic formula softens and lifts tough
deposits for easy removal.

DIRECTIONS:

Shake well before using. Wear rubber gloves. If cleaning
a gas oven, do not spray on pilot light. Spread newspaper
under oven door. Clean oven racks separately. May be used
in either warm (200°F) or cold empty oven. Spray oven
surfaces from a distance of 9 to 12 inches. Allow gel to
work 5 to 10 minutes on warm surfaces, 10 to 20 minutes
on cool surfaces. Then wipe clean with a wet cloth, sponge
or paper towels. Rinse oven thoroughly with potable water.
For heavily encrusted areas, repeat application using steel
wool or soap pad. Pre-heat oven for 10 minutes before next
use.

For overnight cleaning, use only in a cold oven. Spray the
oven surfaces and close the oven door and allow to stand
overnight. Then wipe clean with a wet sponge. Rinse
thoroughly with potable water.

NFPA® RATINGS:

Health: 3; Flammability: 0; Reactivity: 1
