OSHA encourages all employers to adopt an Injury and Illness Prevention Program.

Injury and Illness Prevention Programs, known by a variety of names, are universal interventions that can substantially reduce the number and severity of workplace injuries and alleviate the associated financial burdens on U.S. workplaces. Successful Injury and Illness Prevention Programs are based on a common set of key elements. These include: management leadership, worker participation, hazard identification, hazard prevention and control, education and training, and program evaluation and improvement.

HOW TO PROTECT YOURSELF FROM THE ZIKA VIRUS

WORKING OUTDOORS IN WARM CLIMATES

Seasonal warm months pose special hazards for outdoor workers who should protect themselves against heat, sun exposure, and other hazards. Employers and employees should know the potential hazards in their workplaces and how to manage them.

(Source: https://www.osha.gov/OshDoc/data_Hurricane_Facts/working_outdoors.pdf)

Arm your employees with the proper defense such as BugX 30 with DEET!

Zika virus, West Nile virus and Lyme disease are all spreading quickly and becoming a serious concern. Infectious insects such as mosquitoes and ticks have the potential to be carriers of these devastating diseases. The Bug X 30 formula allows the DEET to be released in a more controlled and measured manner, permitting longer lasting performance, once obtained only by high concentrations of DEET.

This water base formula is:

- Long Lasting
- Non-Greasy
- Non-Staining
- Low Odor

Bug X 30 Insect Repellent with 30% DEET is effective up to 7+ hours of protection against:
Mosquitoes, ticks, chiggers, fleas, gnats, red bugs, no-see-ums, sand fleas, biting flies, deer flies, stable flies, and black flies.

It effectively repels Mosquitoes and other insects carrying: ZIKA VIRUS, WEST NILE VIRUS, LYME DISEASE, HUMAN GRANULOCYCTIS EHRLICHIOSIS (HGE), ENCEPHALITIS, MALARIA, DENGUE FEVER AND SPOTTED FEVER.

INSECT REPELLENT
DEET BASED

Poisonous Plant Solution

PRE-CONTACT SKIN SOLUTION

Ivy X Pre-Contact Solution tightens skin pores against many common environmental irritants.

Ivy X Pre-Contact Skin Solution dries quickly and is non-greasy, sticky or clay-like, which maybe found in other products. There is also no wait time, simply apply Ivy X Pre-Contact to exposed skin and immediately start your outdoor task. Ivy X Pre-Contact is almost unnoticeable on the skin and washes off easily with soap and water. Our packaging (towelettes, bottles & spray) allows for a compliant and affordable skin protection program for the outside worker.

POST-CONTACT SKIN CLEANSER

**Ivy X Post-Contact Skin
Cleanser is effective
in assisting in the removal
of poisonous plant oils
(Urushiol) found in
Poison Ivy, Poison Oak
and Poison Sumac.**

Standard soap and water will not emulsify poisonous plant oils. Ivy X Post-Contact Skin Cleanser is designed to be "Wetter than Water" to start the emulsifying process to assist in removing plant oils before they have time to cause the uncomfortable rash, blisters and itching commonly associated with poisonous plants. Our packaging (towelettes and bottles) allows for a compliant and affordable skin protection program to help in poisonous plant protection.

STRENGTHEN YOUR FIRST LINE OF DEFENSE

"I cover you and protect you but yet, you'll lose me every day. What am I?"

SKIN

It is the largest organ of the body and often the most forgotten one. Your skin acts as a barrier and shields you against harmful invaders such as bacteria, viruses and toxins. The average adult has over 8 pounds of skin and if healthy and uninjured, pathogens cannot penetrate it. So, even more reason to protect and strengthen your first line of defense daily and especially during the cold and flu season.

DEFEND

The easiest solution to stop the spread of germs in the workplace is to wash your hands frequently but few actually do and even fewer follow proper hand washing protocols. Residual bacteria can grow and multiply in less than 20 minutes leaving your hands with the same number of bacteria prior to washing.

There's a better way to defend against the spread of pathogens and promote good hygiene in the workplace. CoreTex Antibacterial Hand Sanitizer and Waterless Cleaner effectively kill 99.99% of germs including H1N1 Swine Flu Virus and MRSA (Methicillin-Resistant Staphylococcus Aureus). Following the CDC recommend 62% FDA approved ethyl alcohol, this specially designed sanitizer dries quickly without leaving a sticky residue. Aloe Vera leaf extract and Vitamin A & E supply the skin with moisture so multiple daily use is encouraged.

PROTECT

Skins natural defenses become weakened and impaired by UV exposure, climate changes and the use of chemicals. Workplace substances tend to overtax the skin's natural neutralizing capability, impair its ability to hold moisture and weaken its effectiveness as a protective shield.

CoreTex's Hand & Skin Barrier provides an added protective layer on the skin so latex, grease, adhesives, inks, talc, surfactants and solvents will not disrupt the normal skin function. It delivers up to four hours of protection which makes for an easier clean up as well. The more support the skin receives, the better barrier it will provide.

With extreme conditions, severe skin damage may occur but CoreTex already has a solution! Maximum Strength Hand Lotion soothes and repairs in remarkable time. It replaces moisture to severely damaged skin caused by over exposure to workplace

chemicals and conditions. The Aloe Vera leaf juice, Vitamins A & E, Ginseng and Tea Tree moisturize and calm the skin to protect from any further damage. Applying often provides maximum protection!

Don't forget to protect the most delicate skin that is continually exposed to the elements and UV rays, your lips! Sun X 30 Lip Balm provides SPF 30 moisturizing protection all day, every day.

When water isn't available, and a cleanup is in order, look to the Heavy Duty Waterless Hand and Surface Cleaner with Grit to get the job done. Its neutral pH allows for multiple applications without causing any skin damage. Whatever the situation, CoreTex has you prepared.

OSHA recommends that all outside workers be protected from all environmental hazards. CoreTex products provides the perfect skin defense so you will always be prepared and be protected!

Hand Sanitizer

Antibacterial HAND SANITIZER AND Waterless Hand Cleaner

Help promote good dermal hygiene in the work place with CoreTex Hand Sanitizer.

Our hand sanitizer effectively kills 99.99% of germs including H1N1 Swine Flu Virus and MRSA (Methicillin-Resistant Staphylococcus Aureus).

- Contains 62% FDA approved Ethyl Alcohol (CDC recommended)
- Contains Aloe Vera Leaf Extract to replace skin moisture that alcohol removes.
- Contains Vitamins A & E to start the skin healing process.
- Specially designed, CoreTex Hand Sanitizer dries quickly with no sticky residue.

Packaging available in single dose foil packs and bottles with pumps for the affordable Hand Sanitizer Solution in your work place.

OSHA RECOMMENDS THAT OUTSIDE WORKERS BE PROTECTED FROM ALL ENVIRONMENTAL HAZARDS
