For industrial and commercial use only.

For additional information, see Safety Data Sheet.

WARNING: This product contains, or may contain, trace quantities of a substance(s) known to the state of California to cause cancer and/or reproductive toxicity.

OIL TYCOON is a liquid stain absorbent and remover. It is highly effective against hydrocarbon-based oils, greases, barbecue grill stains, silicone oils from tire dressings and many other stains. It is compatible with asphalt, concrete, paving stones, pressure treated wood, composite decking and other surfaces. Although **OIL TYCOON** was specifically designed to reach deep into porous and untreated surfaces for stain removal, it will also remove stains from treated and sealed surfaces.

DIRECTIONS:

Pour, spray or brush **OIL TYCOON** onto stain so that the stain is completely covered. Deeper stains may require heavier or repeat application. Allow **OIL TYCOON** to completely dry, which may take up to 3 hours depending on ambient conditions. Simply sweep or rinse away **OIL TYCOON** and the stain.
